6. Consent Agenda

a) Review of monthly Business Unit Operations

- Williams' sales have increased 150% compared to January 2022. The increase of minimum wage and a 30% increase in the cost of food has had a negative impact on profit. Staff are working on improving labour costs and have started to focus on food costs and suppliers going forward.
- The outdoor rink has been quite busy when the weather permitted. Skate Rental sales are down 30% compared to January 2022. We experienced a closure of the rink for a week in January when schools were off and we lost revenues as a result.
- The Waterfront Grill sales are down 64% compared to last year. Last year the Grill was open every day, this year it is only open on weekends due to staffing.

HWT1313 (M. Spadafora / A. Wilson)

That the monthly Business Unit Operations be received.

CARRIED

7. New Business

a) Pier 5 to 7 Redevelopment - update

- The construction by Seawaves Development has stopped for the winter. They will resume in late March, early April, to finalize the stairs, tree planting, and finish the interlocking brick.
- East Elgin Contracting is installing the steel pedestrian bridge today. This bridge will join Pier 7 to the James Street Slip. This work is expected to be complete by March 5th. Until completion the pedestrian trail will be closed.
- Complaints were received about construction materials found in the water. These items have been removed and the surrounding fencing has been secured to contain the debris. The water will be cleaned up of any further debris in the warmer weather.
